## THE CHOIR

The Saint Thomas Choir of Men and Boys is considered by many to be the leading ensemble in the Anglican choral tradition in the United States. Directed since 2004 by John Scott, formerly Organist and Director of Music at St. Paul's Cathedral in London, the choir performs regularly with the period instrument ensemble, Concert Royal, or with the Orchestra of St. Luke's as part of its own concert series. Its primary *raison d'être*, however, is to provide music for five choral services each week. Live webcasts of all choral services and further information including recordings of the choir may be found at [www.SaintThomasChurch.org](http://www.SaintThomasChurch.org)

Supplementing its choral services and concert series over the past three decades, the choir has toured throughout the U.S. and Europe with performances at Westminster Abbey and St. Paul's Cathedral in London, Kings College, Cambridge, Windsor, Edinburgh, St. Albans and the Aldeburgh Festival. In 2004, the choir toured Italy, and performed for a Papal Mass at the Vatican. During 2007, the choir performed Bach's *Saint Matthew Passion* for the opening concert of the Mexico Festival in Mexico City as well as at Saint Thomas Church. In February 2012, the Boys of the choir traveled to Dresden to give the premiere of Lera Auerbach's *Dresden Requiem* with the Dresden Staatskapelle in the Frauenkirche and Semper Oper. Later in 2012, the choir was invited to perform in the Thomaskirche at the Leipzig *BachFest*, a highlight of their June 2012 tour to Germany and Copenhagen.

In addition to the annual performances of Handel's *Messiah*, concerts at Saint Thomas have included Requiems by Fauré, Brahms, Mozart, Duruflé and Howells; Bach's *Passions* and *Mass in B Minor*; the Monteverdi *Vespers of 1610*; a Henry Purcell anniversary concert; Rachmaninoff *Vespers*; the U.S. premiere of John Tavener's *Mass*; a concert of American composers featuring works by Bernstein and Copland and a composition by Saint Thomas chorister, Daniel Castellanos; the world premiere of Scott Eyerly's *Spires* and a concert of music by Benjamin Britten.

The Men of the Saint Thomas Choir are professional singers; the Boy choristers attend Saint Thomas Choir School. Founded in 1919, it is the only church related boarding choir school in the United States, and one of only a few choir schools remaining in the world. The Choir School offers a challenging pre-preparatory curriculum, interscholastic sports, and musical training for boys in grades three through eight. The Choir School is committed to training and educating talented musicians without regard to religious, economic, or social background. Choristers are sought from all regions of the country. Details of admissions procedures and audition requirements are available at [www.ChoirSchool.org](http://www.ChoirSchool.org)

## ABOUT THE ORGANS

The Great Organ of Saint Thomas Church was built in 1913 by the Ernest M. Skinner Organ Company of Boston, and installed when the present building was first used for services that year. It was extensively revised and rebuilt in 1956 by the Aeolian-Skinner Organ Company, also of Boston, under the personal direction of G. Donald Harrison. It was then dedicated as the Arents Memorial Organ, given by George Arents in memory of his wife. Further revision of the instrument was completed in the late sixties by Gilbert Adams of New York, and in the early eighties by Mann and Trupiano of Brooklyn.

The current organ includes tonal designs which are characteristic of the organs of Bach's time. In addition, it is especially notable for its French Romantic colors. Consisting of six divisions, the instrument features a Trompette-en-Chamade under the rose window over the Fifth Avenue entrance. There are four manuals, 138 ranks and some 9,050 pipes. The organ console is hidden from view at the left of the chancel.

In the spring of 1996 the gallery instrument was dedicated as the Loening-Hancock Organ. The firm of Taylor & Boody of Staunton, Virginia built the instrument which contains twenty-one stops over two manuals and pedal. The instrument is inspired by the tradition of organ building which was active in the Netherlands and North Germany in the seventeenth and eighteenth centuries. Stop and key action are mechanical and the temperament is Kellner.

The Martha J. Dodge Continuo Organ was built and initiated in December, 2001. This superb portable instrument, consisting of 4 ranks of pipes, was built by the firm of Taylor & Boody.
